

QUESTIONS FOR ELECTION CANDIDATES -FOR PEOPLE AND PLANET

CLIMATE CHANGE

1. How are you going to tackle the climate crisis, including ensuring we reduce greenhouse gas emissions by 8% every year?
2. And how are you going to support people in poorer countries who are already feeling its devastating effects?

SUSTAINABILITY

1. How will you work to make Ireland more sustainable, including by developing the circular economy which eliminates waste and helps protect our most precious resources?

GENDER INEQUALITY AND THE CARE ECONOMY

1. What are your plans to tackle gender inequality?
2. And how do you plan to better value and invest in unpaid care work? Including tackling the disproportionate impact it has on women?

THE GLOBAL CORPORATE TAX SYSTEM

1. Will you help overhaul the global corporate tax system which allows large multinational companies to avoid paying their fair share of tax and deprives countries, especially the world's poorest, of vital revenue?
